# A Bespoke Service

# What is the Offer?

## Topic boxes handpicked by specialists for the children in your classes

Topic boxes help bring learning to life as well as fostering reading enjoyment, improving literacy and comprehension skills whilst nurturing curiosity and independent learning.

Teachers can use the books in topic boxes:

- as a starting point for subject planning
- to develop children's interest and understanding of the subject being taught
- as a spur for writing and creativity
- to save teachers time and effort

Our introductory one-year **Topic Loan Offer** will provide your school with a minimum of seven boxes containing up to 30 up-to-date, quality items tailored to the curriculum topics and the age of your classes.

All topic loan boxes are handpicked by specialist staff with years of experience
